# Garage Door Opener

**1** While the car is ON, hold the handheld garage door transmitter 1-3 inches from the HomeLink® button you want to program in the vehicle.

**2** Push and hold both the HomeLink® button being programmed and the button on the garage door transmitter.

## TO ERASE ALL SET CHANNELS:

Push and hold the two outside HomeLink® buttons for 20 seconds until the orange indicator flashes. An individual channel cannot be erased. The instrument cluster display will show "CLEARING CHANNELS". Release the buttons when "CHANNELS CLEARED" appears on the display.

## ROLLING OR NON-ROLLING?

Check your garage door opener motor in your garage for a "LEARN" or "TRAIN" button by the hanging antenna. If you have one of these, you have a Rolling Code garage door opener.

**3**

**For Non-Rolling Code:** Continue to hold both buttons until the instrument cluster display changes from "CHANNEL # TRAINING" to "CHANNEL # TRAINED", then release both buttons. Push and hold the programmed HomeLink® button. The instrument cluster display will show "CHANNEL # TRANSMIT".

**4**

**For Rolling Code:** Return to the vehicle and push the programmed HomeLink® button three times (holding the button for two seconds each time). The instrument cluster display will show "CHANNEL # TRANSMIT".

**5**

If the programming was successful, your garage door should open and close with your chosen HomeLink® button.

# Pair a Phone

- 1** Make sure Bluetooth® is enabled on your mobile device
- 2** With the vehicle in the ACC or ON/RUN position, press the Phone button on the vehicle's touchscreen menu bar
- 3** Press "Pairing" or "Device Manager"
- 4** If equipped with the Uconnect 4, press "Paired Phones and Audio Devices"
- 5** Select "Add Device" then follow the prompts on your phone and on the touchscreen

## CONNECT YOUR APPS

Connect your smartphone to the media USB port or pair your smartphone within "Device Manager".

The Android Auto™ or Apple CarPlay® icon will replace the phone icon on the touchscreen.

## KEEP IN MIND:

**For Android™ Users,** if the Android Auto™ app was not previously downloaded, it will download the first time you plug in your device.

**For Apple® Users,** Apple CarPlay® is only compatible with iPhone® 5 or later and requires Siri being enabled in "Settings".

## Ready to remove a phone or audio device?

- 1** Press "Paired Phones and Audio Devices" or "Device Manager".
- 2** Press the Settings button next to the phone or device you want to remove.
- 3** Press "Delete Device".

# Connected Services

## WITH CONNECTED SERVICES YOU CAN...

Lock Your Vehicle

Unlock Your Vehicle

Remote Start Your Vehicle

Cancel Remote Start

Activate Your Horn

## ACTIVATE YOUR REMOTE SERVICES

- 1** Press "Apps" on the touchscreen.
- 2** Press "Activate Services".
- 3** Press "Activate Now".
- 4** There are two ways to activate: via email or via an agent. On the next screen, you can either enter your name and email, or press "Call An Agent" to directly speak with an agent.

# Uconnect 5 NAV

ACCESS YOUR MEDIA, PHONE, COMFORT AND VEHICLE SETTINGS, AND NAVIGATION

## HOME

Customize your Home page with shortcut widgets. Now you can access your favorite radio stations and your smartphone on the same screen!

## MEDIA

Listen to all of your favorite radio stations, including SiriusXM®, and play music from your USB or Bluetooth® device.

## PHONE

Pair your smartphone and make hands-free calls or send hands-free messages to any of your contacts.

## NAVIGATION

Having trouble finding a place? Enter an address or search from multiple points of interest to navigate anywhere using Uconnect.

## COMFORT

Too hot? Too cold? Set your vehicle's temperature through several climate control options. Activate automatic climate control to keep your vehicle at the temperature you want.

## VEHICLE

Access radio and vehicle settings, like changing the radio display or adjusting the brightness of the interior lights.

## APPS

Access any app installed on your Uconnect system.

## Voice Recognition

USE YOUR VOICE TO CONTROL UCONNECT

To begin, push the Voice Recognition button on the steering wheel. If activated within Vehicle settings, you can also say the vehicle's "Wake Up" word, "Hey, Uconnect" or "Hey, Ram", without pushing any buttons.

### KEEP IN MIND:

There may be an inconsistent volume between different audio sources.
